

Field Umpires Coaching Session

1. MRP Procedure

a. If you are 'aware' on an incident. For example a player is down and you are not sure how it happened or an incident off the ball you didn't see, you are to ring/email Trevor and inform him that you would like this sent to the MRP.

b. If you are unaware of an incident and a player, official or any other person at the game makes you aware of an incident, you are to simply inform them to contact the league.

AT NO STAGE are you to discuss an incident with anyone OR look at footage of the game at the ground.
